Restoration/Service/Remodel

Estimate: EXAMPLE_CLEANING

This is an estimate of repairs for damage at the above referenced property. It has been prepared using Xactimate(r) estimating software, and is based either in whole or in part on current material, labor, and equipment costs for your geographical area as compiled by Xactware, the maker of Xactimate. This estimate is not a guarantee of payment by your insurance company, and your policy may contain provisions that could change the amount of covered damages. The scope of this estimate is based on damages known by Jones Water Restoration Company to exist at the time it was written. If additional damages are discovered, or if circumstances arise that would prohibit the scope of this estimate from being completed for the costs estimated herein, the actual repair costs may increase, thereby making this estimate subject to change. Please do not hesitate to contact Jones Water Restoration Company if you have any questions regarding this estimate.
